

## TREASURE COAST RC ACTION & RACEWAY & CRAWLERS CLUB RULES

Where Club refers to "Treasure Coast RC Action Raceway & Crawlers RC Club"

### Rule A – Property Care & Respect

1. Property of the Club, race track, parking & surrounding area must be kept clean & litter free.
2. Persons responsible for damage to any parts of the race track, parking & surrounding area will be liable for the cost of repairs & will face suspension or banning from the club premises.
3. In accordance with our lease, ONLY electric / battery operated RC cars are permitted at the club. No nitro/petrol powered vehicles are permitted on the race track property.

### Rule B – Alcohol & Foul Language

1. No alcohol is permitted on the park property, persons suspected of being intoxicated or responsible for unruly or unacceptable behavior due to intoxication will be evicted from the premises & will face suspension or expulsion from the Club.
2. NO abusive or excessive foul language will be tolerated. Treasure Coast RC Action Raceway & Crawlers RC Group promotes & encourages a 'family atmosphere'. Persons found to be using foul language to the offence of other members will be asked to leave the premises & face suspension or expulsion from the Club.

### Rule C – Club Organization

1. The Club has the sole right to organize races, fun activities & fund raising events on the Club's property
2. It is the intent of the Club to run ALL EVENTS in a clean, sportsman like manner. Participants must therefore take care not to deliberately or repetitively ram, bump or disregard other racers on the track (during practice, qualifying, racing or fun events). Participants found in contravention of this rule will face immediate suspension & possible banning from the Club.

### Rule D – Driver Rules

1. Safety First – Do Not switch on your transmitter or drive your car in the pit area.
2. Avoid costly repairs by trying to avoid contact (crashing) into other cars.

3. Respect all skill levels by being patient. Faster or more experienced drivers must show restraint when trying to pass a slower car. Remember, "you were a beginner once"
4. Should you crash & land up in an unmovable position, remove your finger from your accelerator to allow a marshal to correct your car. A marshal may not correct a car's position back onto the track if the wheels are still turning (for safety reasons).
5. Respect towards the marshals is essential. No abusive language or comments may be directed at them ever.
6. Driver's are not permitted to race their cars "up & down" the straights or drive into oncoming traffic while in the process of fine tuning their car.
7. A driver will be disqualified if it is found that the car body or battery is not secured onto the car OR if driving a race without a car body.
8. Driver's may not leave the Driver's Stand until the officials have called the 'Race Over'
10. Driver's are solely responsible for their cars & must have total control of their car until it has been safely switched off.

Please remember that it is the Club's aim to provide a fair, competitive & enjoyable experience to drivers & spectators alike. Respect for the Club, it's rules & fellow competitors is essential.

The above rules are a summary of what Treasure Coast RC Action Raceway & Crawlers RC Club deems as a minimum rule guideline. For any "Roar" (Remotely Operated Auto Racers) event when a rule is not in place by the club Roar rules will apply. A copy of those rules can be found here
